Grafton EST. 1964 FURNITURE

CARE INSTRUCTIONS

To properly clean and care for furniture, regularly dust with a soft cloth, avoid direct sunlight, use appropriate cleaning solutions based on the material, rotate cushions for even wear, and be cautious with harsh chemicals.

FOR WOOD

Use a lint-free cloth to polish wood furniture on a weekly basis. Keep furniture away from heating and air conditioning sources to prevent loss of moisture. Keep furniture out of direct sunlight to prevent fading or darkening of wood furniture. Use felt backing on lamps and other accessories to prevent scratches and gouges. Rotate accessories so they don't remain in the same sp ot all of the time to prevent impressions. Use placemats under plates and hot pads under serving dishes. Use coasters under all beverages.

FOR YOUR COM/COL

See your fabric or leather company's care instructions for optimum care and lifespan*. For leather, please note that over time, leather stretches after continuous use. Dust regularly and use a vacuum cleaner crevice tool to clean seams. Clean weekly using a damp sponge (protected leather) or soft, lint -free cloth (natural unprotected leather). Do not rub; instead, wipe gently.

FOR LEATHER

Keep leather furniture out of direct sunlig ht and at least two feet from heat sources to avoid fading and cracking Pre -test all of the care products on a hidden area of leather furniture to make sure that they are compatible with the leather. Improper cleaning may void your leather furniture warranty. *

FOR FABRIC

Keep upholstered furniture out of direct sunlight. Rotate cushions and pillows on a regular basis to allow even distribution of wear. Vacuum weekly using the upholstery attachment to remove soil that could be abrasive to surface. Periodic professional cleaning is recommended.
